I got the opportunity to go on trip to PINK CITY JAIPUR - INDIA, with a few other bloggers recently. I have never seen this part of the world, and have been dying to, so of course, I couldn't pass it up. Like most people, JAIPUR strikes me as a cool, ethnic, and traditional city, but it turned out to be that and so much more. As soon as I arrived, we hit the ground running and spent a week exploring. Today, I'm sharing my week-long itinerary - and how you can make the most of 5 days in JAIPUR!

I went to local market at hawa mahal road, it is my amazing experience of shopping of indian art soveigns and antique stuff. I loved it and bought some interesting stuff for my memories
