LOVE FOR PARCHED HEARTS 06

*The color the color in that burning heart look, being a new life into the black landscape. Her love was never
with a formula or language at the heart of man. Her love enjoys life in its symphony splendor.*

*They surround the world but appear to be so far away, as if they were worlds apart. They dance, and their feet
the dance continues. And they sing, the way to that the eye to come to all ways of the beauty.*

COLORS FROM A DISTANT LAND

*The color she wears in that faraway land looks being a new life into the bleak landscape. Her hair was now
washed with a formula no longer at the behest of man. Her hair signify life in its genuine splendor.*

LIFE EVOLVES FROM SAND

From her hair, from her clothes and from every thread she wears, she tells you in her heart. When there's beauty there is life. From the stars above to the rocks below, they all sing her praise. The heart of all her surroundings.
