

THE GLORY OF DUSK

When the world is weary and on the verge of retiring, is when she comes out to the world. The magnificent colors of her dresses drive away every bit of languor from weary hearts. They come as sermons, and leave us richer than ever before with their blessed experience!

SPRING GODDESS

They surround her as she trends the forest.
She gazes expectantly, and beams at them.
They hear in anticipation, in eternal
awe to the glory of eternal beauty. For
wines and leaves stretch easy as the pieces,
anticipating her perfect, warm and glowing
presence about her majestic aura.
